

Healthy skin starts here

Get a diagnosis and treatment of your skin condition within 24 hours

Dealing with a skin issue? Don't wait weeks or months to get help. Simply upload images and details of your concern. Within 24 hours, one of our U.S. board-certified dermatologists will review and provide a treatment plan and prescriptions if needed.

Here's how it works:

- 1 Request a consult.** Log in to your Teladoc Health account online or through the app.
- 2 Upload images.** Take pictures of your skin condition and upload them to share with a dermatologist.
- 3 View results online.** Within 24 hours, you'll receive a diagnosis and treatment plan. If needed, a prescription will be sent to your pharmacy. Our Dermatology service uses **images only**. Any communication with a dermatologist takes place in the message center. Our call center reps can't schedule appointments, but they can answer questions at 1-800-835-2362.

Registration details coming soon.
